Our mission is to be your organization's trusted compliance partner.

Since its inception in 1999, Buckley Technology Group (BTG) has been a leading provider of financial industry solutions - offering superior consulting, implementation, and support services to both regional and national organizations. BTG is dedicated to serving organizations with the expertise, product and services required to protect information assets, secure technology systems, and effectively manage compliance.

Website Regulatory Compliance Assessments

Ensure your website achieves and maintains compliance with regulatory requirements...

Websites are an important service tool for financial institutions providing your customers with details specific to products and services, current advertisements for rates and lending programs, and an online access to accounts or to apply for new accounts. Information made available on your website must comply with regulatory requirements, and BTG offers an independent audit solution to ensure your financial institution's website remains compliant.

BTG's Website Regulatory Compliance Assessments verify compliance with the following federal regulations, including but not limited to:

- FDIC/NCUA Insurance Disclosure Requirements
- Equal Housing Lender Disclosure Requirements
- Regulation B – Equal Credit Opportunity Act
- Regulation E – Electronic Funds Transfer Act
- E-sign – Electronic Signatures
- Regulation DD – Truth in Savings Act
- Regulation Z – Truth in Lending
- Regulation C – Home Mortgage Disclosure Act
- Regulation BB – Community Reinvestment Act
- Regulation X – Real Estate Settlement Procedures Act
- Children's Online Privacy Protection Act
- Gramm-Leach-Bliley Act – Online Privacy Protection
- Equal Employment Opportunity Act
- Non-Deposit Investment Products
- Third Party Web-Linking
- Best Practices including a Functional Site Review

Risk Assessment Services & ISSAC Online

Simplify risk management of your online services with BTG...

In addition to our comprehensive Website Regulatory Compliance Assessment, BTG offers professional and consulting services to ensure maintained compliance within other online and electronic service products including:

- Social Media Risk Assessments
- Multifactor Authentication (MFA) Risk Assessments
- Technology, Product, and Service Risk Assessments including ACH Risk Assessments and Remote Deposit Capture Risk Assessments

Financial institutions who choose to perform these assessments internally benefit from the ISSAC Online Audit/Risk module, which offers a comprehensive solution to perform and customize internal assessments, maintain audit tracking, and plan for future assessments in one centralized location.
