

# BUCKLEY TECHNOLOGY GROUP

*We prepare and protect your organization.*

**Our mission is to be your organization's trusted compliance partner.**

Since its inception in 1999, Buckley Technology Group (BTG) has been a leading provider of financial industry solutions - offering superior consulting, implementation, and support services to both regional and national organizations. BTG is dedicated to serving organizations with the expertise, product and services required to protect information assets, secure technology systems, and effectively manage compliance.

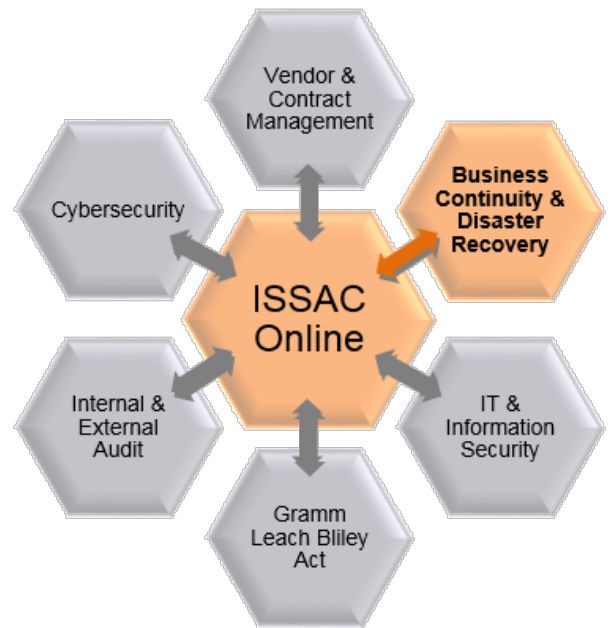

## ISSAC ONLINE Business Continuity & Disaster Recovery

*Simplify your Business Continuity & Disaster Recovery Planning Program with BTG...*

The Business Continuity & Disaster Recovery (BC-DR) module offers a comprehensive solution to effectively manage your organization's business continuity planning policies, procedures, and recovery strategies. Maintain inventories and recovery strategies for all critical assets, and document disaster recovery testing strategies and results all in one centralized location.

Explore some of the many ISSAC ONLINE Business Continuity & Disaster Recovery benefits:

- Identify recovery time objectives (RTOs) and recovery point objectives (RPOs) for critical assets including technology, hardware and business processes
- Manage recovery tasks by teams, scenarios, departments and more
- Utilize tools to track the overall BCP/DR Program
- Provide management and regulators with clear concise reports
- Set multiple email alert reminders for business processes, task lists and policy reviews

## Professional and Consulting Services

*BTG offers a unique and customizable Business Continuity maintenance program...*

Our professional and consulting services are offered on a project basis or within an annual maintenance program. Organizations can select services needed to create their own unique maintenance program ensuring continued compliance with regulatory requirements. Benefits of a maintenance program:

- All professional services are available for selection
- Organizations are able to budget more efficiently
- Discounted pricing is offered for services selected

- ✓ Business Continuity & Disaster Recovery Plan Development and Review
- ✓ Business Impact Analysis
- ✓ Disaster/Threat Risk Assessment
- ✓ Business Continuity & Disaster Recovery Testing including tabletop testing, systems failover testing, and parallel testing
- ✓ Enterprise-Wide Business Continuity & Disaster Recovery Training for the Board and Employees
