

# BUCKLEY TECHNOLOGY GROUP

*We prepare and protect your organization.*

**Our mission is to be your organization's trusted compliance partner.**

Since its inception in 1999, Buckley Technology Group (BTG) has been a leading provider of financial industry solutions - offering superior consulting, implementation, and support services to both regional and national organizations. BTG is dedicated to serving organizations with the expertise, product and services required to protect information assets, secure technology systems, and effectively manage compliance.

## ISSAC ONLINE IT & Information Security

*Maintain your IT & Information Security Audit Program with BTG...*

The ISSAC ONLINE Audit/Risk module offers a comprehensive solution for the management of your organization's IT and Information Security Audit Program. BTG provides the best solution to perform internal IT Audits, Information Security Risk Assessments, and Technology Risk Assessments in one secure and centralized location.

Explore some of the many ISSAC ONLINE Audit/Risk benefits:

- Assess, manage and audit critical procedures and processes related to network and data security
- Customize and perform IT Audits, Information Security Risk Assessments and Technology Risk Assessments
- Document physical and logical access controls to critical IT assets
- Provide the Information Security Officer (ISO) the tools to track the overall Information Security Program
- Provide management and regulators with clear concise reports
- Set multiple email alert reminders for audits or risk assessments

## Professional and Consulting Services

*BTG offers a unique and customizable IT & Information Security maintenance program...*

Our professional and consulting services are offered on a project basis or within an annual maintenance program. Organizations can select services needed to create their own unique maintenance program ensuring continued compliance with regulatory requirements. Benefits of a maintenance program:

- All professional services are available for selection
- Organizations are able to budget more efficiently
- Discounted pricing is offered for services selected
